## PORTFOLIO 2025

# DELUXE DISTILLERY

KORTRIJK | BELGIUM

Since its founding in 2014, Deluxe Distillery has been redefining the craft of spirit-making, earning accolades for its innovation and dedication to quality.

Their product lineup includes handcrafted gin, premium vodka and an exceptional sour cocktail mixer, each crafted with care and creativity.

SUPASAWA, a premium sour cocktail mixer. Designed to simplify the art of creating perfectly balanced cocktails, SUPASAWA saves bartenders time, space, and effort. This "super sour" addition is a game-changer for those aiming to craft exceptional drinks, ensuring every mix is a masterpiece.

Deluxe Distillery's Blind Tiger gins stand out for their adventurous flavor profiles. By introducing unexpected ingredients like cubeb pepper and black teas, the distillery has created gins with remarkable depth. This commitment to pushing boundaries has cemented Blind Tiger as a pioneer in artisanal gin production.

With Mary White vodka, Deluxe Distillery launched Belgium's first high-end vodka. Inspired by the legendary "Queen of the Bootleggers" from the Prohibition era, this vodka pays tribute to daring and sophistication. Packaged in a striking white bottle with marble and gold accents, Mary White embodies both timeless grace and contemporary appeal.

## SUPASAWA

ACID

ORIGIN	•	BELGIUM
VOLUME	•	700 ML
ABV	•	0% VOL.
PH VALUE	•	1.95

Super Sour – a blend of five different acids, a touch of salt, and distilled water.

Supasawa is the ultimate game-changer for bartenders and an essential addition to any well-equipped home bar. Its unique formula ensures a perfectly balanced, crystal-clear drink every time, making it an indispensable tool for crafting exceptional cocktails with ease.

With Supasawa, there's no need for messy juicing or worrying about fresh ingredients losing their flavor. Its long shelf life and hassle-free usability mean you can focus on the art of mixology, knowing that the perfect sour note is always within reach.

# BLIND TIGER PIPER CUBEBA

GIN

ORIGIN	•	BELGIUM
VOLUME	•	500 ML
ABV	•	47% VOL.

The name says it all – the key ingredient, cubeb pepper, undergoes a double distillation process and is paired with 14 other botanicals, resulting in a gin with remarkable character.

The gin boasts a harmonious blend of bold yet refined flavors, with the citrusy brightness of orange, the subtle sweetness of licorice, the piquant kick of pepper, and the floral undertones of violet. These distinctive notes are beautifully enhanced by the higher alcohol content, which brings out their full complexity and depth.

This gin is an exciting choice for those who appreciate a spirit that balances strength and flavor in every sip.

# BLIND TIGER IMPERIAL SECRETS

GIN

ORIGIN	•	BELGIUM
VOLUME	•	500 ML
ABV	•	45% VOL.

Among the eleven carefully chosen botanicals, you'll find a mix of both classic ingredients, such as juniper, coriander seeds, and lemon peel, alongside more exotic additions.

Notably, the gin features three distinct black teas from the renowned regions of Assam, Kashmir, and Yunnan, each one distilled separately to preserve its unique characteristics. This thoughtful approach creates a gin that is smooth, multi-layered, and complex, offering a depth of flavor that satisfies even the most discerning palates.

Every sip reveals a perfect balance of tradition and innovation, making this gin a truly exceptional choice.

# BLIND TIGER LIQUID GOLD

GIN

ORIGIN	•	BELGIUM
VOLUME	•	500 ML
ABV	•	45% VOL.

This limited edition with only 2,500 bottles available, is aged for six months in bourbon whiskey barrels.

This maturation process not only reduces the alcohol content, but also imparts a stunning golden hue, giving the gin a rich and refined appearance.

The aging enhances its depth of flavor, making it exceptionally smooth and layered. Perfect for sipping neat, this gin serves as a sophisticated digestif, offering a unique and memorable experience that showcases both its complexity and elegance.

# MARY WHITE VODKA

VODKA

ORIGIN	•	BELGIUM
VOLUME	•	700 ML
ABV	•	40% VOL.

This vodka is named after the un-crowned queen of smugglers – Mary White. Much like Mary herself, the bottle radiates an air of unparalleled elegance and intrigue.

The production process combines rye, corn, and malted barley, creating a spirit that is exceptionally smooth and refined. This perfect balance of ingredients results in a vodka that excels both when enjoyed neat, revealing its subtle depth, and in your favorite cocktail, where it effortlessly enhances the flavors of any drink.

It's a true testament to craftsmanship, offering sophistication in every sip.

# MIDI APERITIFS

KORTRIJK | BELGIUM

Growing up in a household centered around cooking and hospitality often instills a deep passion for these arts. Jules Delaere founder of MIDI was introduced to the world of hospitality at a young age. It was only a matter of time before he found himself in some of Belgium's finest kitchens, mastering the intricacies of this beautiful trade. His love for flavor and hospitality inspired him to pursue the dream of creating a drink that exists somewhere between wine and spirit.

The name "MIDI" pays homage to the southern region of France known as Le Midi, a place where aperitifs, pétanque, and androsé are cherished traditions. With a founder who is half French and half Belgian, the connection to this enchanting region has always been strong. MIDI Aperitifs aim to capture that southern "je ne sais quoi" transporting drinkers back to sun-drenched terraces on holiday.

Crafted from the juiciest wines, Mediterranean fruits, herbs, and roots, these wine-based aperitifs are inspired by a rich and celebrated aperitif culture. Utilizing modern techniques in distillation and maceration, MIDI Aperitifs result in complex, juicy flavors that leave a lasting impression.

## MIDI CLASSIC RED

APERITIF

ORIGIN	•	BELGIUM
VOLUME	•	700 ML
ABV	•	21 % VOL.

This natural product is crafted from Syrah rosé wine sourced from the sun-drenched vineyards of southern France.

To enhance its complexity, vacuum-distilled extracts of a variety of fruits and herbs are infused, including fragrant bergamot, fennel, artichoke, and rosemary. These botanicals bring a delightful aromatic richness to the mix.

The natural sweetness of the Midi Classic Red is provided by black currants that have been carefully soaked in sugar, adding a layer of depth and balancing the flavors. The result is a well-rounded, aromatic spirit with a vibrant, Mediterranean profile that is perfect for sipping or mixing into creative cocktails.

# MIDI LIQUID SUNSET

APERITIF

ORIGIN	•	BELGIUM
VOLUME	•	700 ML
ABV	•	21 % VOL.

The second creation from Jules Delaere. Where French Chenin Blanc white wine meets the vibrant flavors of the Mediterranean. Infused with distillates of Amalfi lemons, thyme, almonds, lemon verbena, and gentian root, this product captures the essence of the region in every drop.

As with previous offerings, fruits soaked in sugar play a key role in the flavor profile. In the Liquid Sunset, juicy apricots contribute a bright, distinct fruitiness that makes it an ideal base for refreshing summer drinks of all kinds.

This delightful aperitif effortlessly offers a balance of freshness, complexity, and natural sweetness that shines in cocktails or when enjoyed on its own.

# MIDI RUBY RUSH

NON ALCOHOLIC APERITIF

ORIGIN	•	BELGIUM
VOLUME	•	700 ML
ABV	•	0 % VOL.

With Ruby Rush, the first alcohol-free product makes its debut in the Midi Aperitifs collection, offering a refreshing new option for those seeking a sophisticated, non-alcoholic drink.

The base of this unique aperitif is Verjus, the juice of unripe grapes, which gives it a crisp, slightly tart foundation. To this, flavors of blackberry, fig, and rosemary are added, creating a rounded, Mediterranean-inspired profile that is both aromatic and complex.

When mixed with soda, it transforms into an aromatic highball that stands out for its vibrant, flavorful character—proving that an alcohol-free option can be just as exciting and flavorful as its alcoholic counterparts.

# MOORLAND DISTILLERY

NORTHUMBERLAND | ENGLAND

Hepple Gin's story unfolds on an estate alive with nature's charm, where wild ponies, Highland cows, and the estate's famed black-haired pigs roam freely. These animals play a vital role in the landscape, breaking up compacted soil to allow wild seeds to flourish. This initiative is part of Hepple's Wilding Program, a regeneration effort focused on restoring and preserving the wild plants that define this unique environment. Through these endeavors, Hepple remains deeply committed to safeguarding the character of its home, both in the natural surroundings and in the gin it produces, aligning closely with its environmental and sustainability goals.

While the stunning vistas of Hepple are a sight to behold, one need not visit the estate to experience its essence. A sip of Hepple Gin evokes the feeling of harvesting botanicals alongside the team, thanks to its innovative Triple Distillation Method.

This process, powered by state-of-the-art distilling equipment, captures flavors that traditional methods would otherwise lose, ensuring a remarkable sensory experience in every drop. The creation of Hepple Gin is a collaboration of remarkable expertise: a celebrated foraging chef, a legendary bartender, a precision-focused distiller, and an ecologically-conscious farmer, all working together to craft one of the finest spirits on the market. Elevate your cocktails with a touch of Hepple, and let its exceptional character transform your drinks.

## HEPPLE GIN

GIN

ORIGIN	•	ENGLAND
VOLUME	•	700 ML
ABV	•	45 % VOL.

The classic Hepple Gin is crafted from 14 carefully selected botanicals, which are processed using the innovative Triple Technique, a unique method that enhances the gin's depth and complexity.

This technique allows the natural flavors of the botanicals to shine through, with juniper taking center stage. The result is a gin with a crisp, clean profile, featuring a perfect balance of freshness and aromatic richness.

It's a versatile spirit that stands out, making it the ideal choice for classic cocktails like Martinis or refreshing Gin & Tonics, where its bold, juniper-forward flavor truly comes to life.

# HEPPLE SLOE & HAWTHORN GIN

## SLOE GIN

ORIGIN	•	ENGLAND
VOLUME	•	500 ML
ABV	•	29.9 % VOL.

The product is inspired by the berries that grow locally in the surrounding landscape. In addition to the sloe berries, hawthorn is also used, giving Hepple Sloe & Hawthorne a drier profile compared to many other sloe gins.

During production, the classic gin is infused with the berries for six months, allowing the full, rich aromas to develop and be captured in the final product. This extended maceration creates a complex spirit, where the delicate tartness of the sloe berries is beautifully balanced with the slightly earthy, floral notes of hawthorn.

The result is a gin that offers a sophisticated depth of flavor, perfect for sipping neat or mixing into a variety of cocktails.

# DOUGLAS FIR

## FLAVORED VODKA

ORIGIN	•	ENGLAND
VOLUME	•	500 ML
ABV	•	41 % VOL.

This flavored vodka is a single botanical product, where only Douglas fir is used and processed. The unique drying process of the Douglas fir tips brings forth surprising and refreshing aromas of melon, lemon, and grapefruit, which are delicately captured in the bottle.

This results in a vodka with an intriguing, citrus-forward profile, accompanied by a subtle herbal undertone from the fir.

The flavors are crisp and bright, offering a clean, refreshing experience that stands out in cocktails or can be enjoyed neat, showcasing the beauty of one single botanical.

# SPREEWOOD DISTILLERY

SCHLEPZIG | GERMANY

Since 2004, award-winning whiskeys of the highest quality have been distilled and aged at the Spreewood distillery, located 60 km south of Berlin. In 2010, their whiskeys received international recognition with 94 points in Jim Murray's Whisky Bible. In 2019, the STORK CLUB Rye Whiskey was awarded the title of "World's Best Rye Whiskey" at the World Whiskies Awards.

The foundation of their whiskeys is Spreewald rye, sourced from the fields of local farmers. As the ancient grain of Northern Europe, rye is deeply rooted in Brandenburg, which is Europe's largest rye-growing region and internationally renowned for its quality. Even renowned American rye whiskey producers purchase their rye from this region!

The distillery sets the highest standards for its cask management, which is as crucial to the quality of the whiskey as the rye and yeast used. The whiskeys are aged in various types of barrels at the Spreewald biosphere reserve and are blended before bottling to create complexity, character, and the distinctive STORK CLUB flavor. The foundation of their whiskeys lies in barrels made from American and German oak. For added complexity and depth, they also use ex-red wine barrels from outstanding German Pinot Noir winemakers.

## STORK CLUB STRAIGHT RYE

RYE WHISKEY

ORIGIN	•	GERMANY
VOLUME	•	700 ML
ABV	•	45 % VOL.

The Stork Club Straight Rye Whiskey is crafted from selected German rye and distilled with precision, then aged in specially toasted barrels made from a unique blend of American and German Napoleon oak.

This distinctive maturation process imparts a rich depth of flavor, creating a rye whiskey that stands out with its smooth, balanced character.

Its bold taste makes it the perfect partner for whiskey highballs and a variety of cocktails, elevating every drink with its complex profile. Whether enjoyed on the rocks or mixed into your favorite drink, Stork Club adds a touch of sophistication and authenticity to any occasion.

# STORK CLUB FULL PROOF RYE

RYE WHISKEY

ORIGIN	•	GERMANY
VOLUME	•	700 ML
ABV	•	55 % VOL.

This rye whiskey is crafted in small batches from carefully selected German rye. It matures in individually toasted barrels made from a blend of American and German Napoleon oak, as well as sherry casks, which contribute to its complex and rich character.

The whiskey is then bottled at nearly cask strength, preserving the bold, intense flavors developed during its aging process. This meticulous approach results in a whiskey with deep, full-bodied notes, offering a harmonious balance between the oak's warmth, the subtle sweetness of sherry, and the distinctive spiciness of rye.

Perfect for those who appreciate a whiskey with depth and character.

# STORK CLUB ROSÉ RYE

RYE APERITIF

ORIGIN	•	GERMANY
VOLUME	•	700 ML
ABV	•	18 % VOL.

Stork Club Rosé-Rye is a fruity yet dry aperitif made from a fresh Pinot Noir Rosé from the renowned VDP winery Markgraf von Baden. This elegant rosé is then given a special kick by being blended with a carefully selected Stork Club Rye Whiskey.

The result is a unique and refreshing drink that combines the vibrant fruitiness of the rosé with the bold, spicy character of the rye whiskey.

As the world's first rye aperitif, it offers an innovative alternative to traditional spirits, making it the perfect choice for those seeking something new and exciting.

Whether sipped neat or used in creative drinks, Stork Club Rosé-Rye is a truly one-of-a-kind experience.

# RON COLON SALVADORENO

CIHUATAN | EL SALVADOR

Ron Colón's story began in 2018 when two friends, Thurman Wise and Pepijn Janssens, came together. With over 20 years of combined experience in the spirits industry, Wise and Janssens had spent their careers traveling the globe, introducing brands to emerging markets. In 2018, their work took them on a 22-day, 16-country bar hop across Latin America. During this trip, El Salvador ("Sivar" in slang) caught their attention.

El Salvador, the smallest country in Central America, is bordered by Honduras, Guatemala, and the Pacific Ocean. The Country is renowned for producing some of the finest cane sugar and coffee in the world.

This trip sparked a passion to create a product that could showcase the honest, rich, and vibrant spirit of Sivar. The local sugarcane is processed through a century-old mill and transformed into molasses. This molasses is then fermented with special yeasts for 36 hours before being distilled in a modern multi-column still. After distillation, the rum is aged in former bourbon white oak barrels. The rums selected for the blend create a rich, complex flavor profile. By combining column-distilled and pot-distilled rums, we achieve a balance of contrasting characteristics that come together to form something truly special. The Salvadoran rum is fruit-forward with a delicate style and a light, dry finish. The addition of Jamaican pot-distilled rums introduces an earthy, warm funk that enhances the overall experience.

## RON COLON PURPLE LABEL

RUM

ORIGIN	•	EL SALVADOR
VOLUME	•	700 ML
ABV	•	40.5 % VOL.

This is a rum blend consisting of 70% six-year-old El Salvador Rum, produced by the Liquoria Cihuatán distillery. In addition, an unaged Jamaican rum blend and a three-year-old Jamaican rum are added, providing the product with earthy notes and a full-bodied aroma.

The combination of these carefully selected rums creates a rich and complex profile, with the El Salvador rum offering smooth, rounded flavors and the Jamaican rums adding a robust, bold character. This unique blend makes it the perfect base for crafting character-driven Daiquiris, delivering a drink with depth in every sip. Whether enjoyed in classic cocktails or mixed drinks, this rum blend stands out as a true testament to craftsmanship and flavor.

# RON COLON GREEN LABEL

COFFEE RUM

ORIGIN	•	EL SALVADOR
VOLUME	•	700 ML
ABV	•	40.5 % VOL.

Coffee is El Salvador's largest export and is therefore globally renowned. Ron Colon collaborates with the coffee manufacturer Jag's Head, whose coffee beans are harvested from their own fields in El Salvador.

After roasting, the coffee is macerated for 48 hours in the classic Ron Colon style. The result is a product that boasts rich, full-bodied coffee notes, adding a deep and aromatic complexity.

This makes it the perfect ingredient for mixing drinks such as Espresso Martinis or Highballs, where its robust coffee flavor shines through. Whether enjoyed in cocktails or on its own, this unique coffee-infused rum offers a deliciously smooth and indulgent experience.

# RON COLON RED BANANA OLEO

BANANA RUM

ORIGIN	•	EL SALVADOR
VOLUME	•	700 ML
ABV	•	40.5 % VOL.

In the Ron Colón Salvadoreño Red Banana Oleo, the rum blend is infused with red bananas. Through a meticulous process of maceration and distillation of dried bananas, fresh banana peels, and the addition of sugarcane syrup, a sweet and aromatic spirit is created with a pronounced banana flavor.

The result is a beautifully smooth and flavorful liqueur that captures the essence of ripe, tropical bananas in every sip. For us, the Red Banana Oleo is almost like a ready-made Rum Old Fashioned in a bottle, requiring just one or two drops of your favorite bitters to create the perfect cocktail. With its rich, fruity sweetness and depth, it's the ideal ingredient for crafting indulgent drinks with a tropical twist.

# CHAMPAGNE MATER & FILII

DORMANS | FRANCE

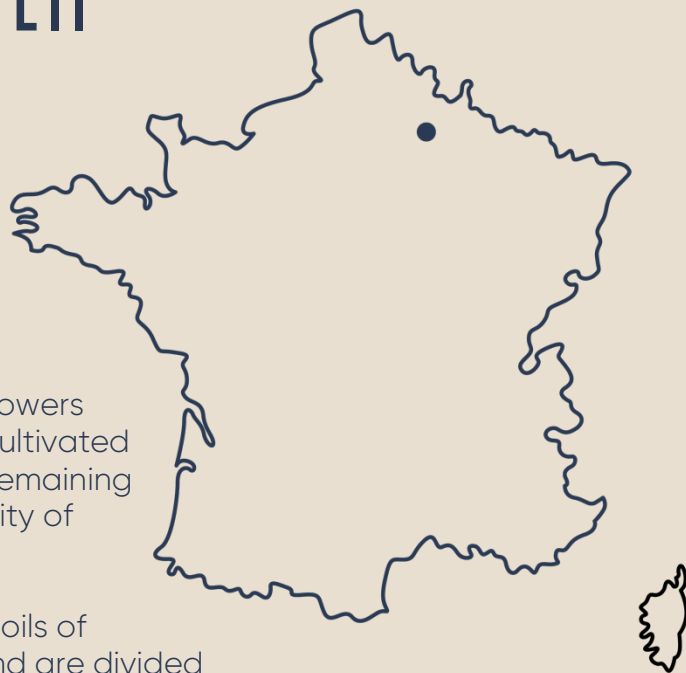

The POTTIN and DHUICQ families have been established in the Champagne region since at least 1643, the year of birth of Pierre DHUICQ, the earliest known ancestor of the DHUICQ family, who lived in Vandieres, just a few kilometers from Dormans.

These families, renowned as farmers and winegrowers in the Marne Valley, have worked the land and cultivated Champagne's vineyards for many generations, remaining deeply committed to the development and vitality of their cherished region, Champagne.

The vineyards of Mater & Filii are located in the soils of Troissy and Dormans, within the Marne Valley, and are divided into around a dozen plots, predominantly planted with the Meunier grape variety. The oldest of these vineyards is 48 years old, while the youngest is just 9 years old.

The subsoils of the Valley of the Marne, composed of layers of sand, clay, and resilient rocks from Cretaceous geological formations, are topped with white chalk. This chalk ensures excellent drainage, maintains sufficient humidity, and absorbs heat during the day to release it at night, aiding the grapes' ripening process.

MATER & FILII tells the story of the passing down of tradition from mother to son. It is not only a tale of family heritage but also of expertise, passion, and a shared mindset. The journey is a deeply human one that's why the brand name was chosen to honor this legacy with a meaningful connection.

## CUVÉE CRESCENDO

CHAMPAGNE

ORIGIN	•	FRANCE
VOLUME	•	750 ML
ABV	•	12 % VOL.
DOSAGE	•	7 g / L

Cuvée Crescendo is a rare and elegant blend of Chardonnay and Meunier, crafted with sustainable viticulture from the West Vallée de la Marne terroir. This brut champagne, aged for 25 months on lees, offers a smooth effervescence with delicate fine bubbles and a stunning straw yellow color with light green reflections. On the nose, it presents citrus, grapefruit, and toasted bread aromas. The fresh palate showcases beautiful acidity and a fine balance of sharpness and length.

Perfect for any occasion, Crescendo pairs beautifully with cold appetizers or fruit-based desserts. Serve between 8-10°C for the ultimate experience.

# CUVÉE SYMPHONIE ROSÉ

CHAMPAGNE

ORIGIN	•	FRANCE
VOLUME	•	750 ML
ABV	•	12 % VOL.
DOSAGE	•	7 g / L

Cuvée Symphonie is a stunning tribute to the Meunier grape, the heart of the Marne Valley, from which this elegant rosé champagne is mostly crafted.

With its deep purple hue and creamy, almost velvety froth, it invites you to indulge. The subtle nose of red berries gives way to a slightly sweet and complex flavor profile, with a refreshing minerality and a beautiful, lingering finish.

This champagne, aged for 26 months on lees, is perfect for moments of conviviality. It pairs harmoniously with cold starters, oysters, or delicate pastries during meals.

# CUVÉE COEUR DE VALLÉE

CHAMPAGNE

ORIGIN	•	FRANCE
VOLUME	•	750 ML
ABV	•	12 % VOL.
DOSAGE	•	7 g / L

Cuvée Coeur de Vallée is a subtle expression of the union between Meunier, the signature grape of the Marne Valley, and traditional oak barrel aging. It captivates with its straw-colored hue and delicate bubbles that create a smooth froth when the bottle is opened. The aromatic nose reveals quince, subtle grooves, and complex toasted nuances. On the palate, it delivers a wide, persistent mouthfeel with a satisfying finish and a pleasant woody note.

This elegant champagne, aged for 28 months on lees, is the perfect companion for moments of conviviality. It pairs beautifully with poultry in cream sauces or lamb shanks during meals.

The Cuvée also has a great aging potential and can be savored until 2030.

# CUVÉE BLANC DE BLANC

CHAMPAGNE

ORIGIN	•	FRANCE
VOLUME	•	750 ML
ABV	•	12 % VOL.
DOSAGE	•	3 g / L

Cuvée Blanc de Blancs is a delicate tribute to the elegance of Chardonnay, showcasing its charms with a light yellow color and fine bubbles that form a sharp, light froth when opened. The nose is a subtle blend of white fruits and floral notes, inviting you to indulge. On the palate, it offers a smooth, fresh mouthfeel, with a beautiful balance of flavors that end in a soft, refined finish.

A perfect companion for your moments of conviviality, this champagne pairs beautifully with delicate fish dishes like turbot, cod, and dory, or fruit-based desserts during meals. With a lemon-yellow hue and bright reflections, it offers aromas of yellow fruits, grapevine peach, and citrus, leading to a harmonious palate of melted red fruit flavors.

# CUVÉE BLANC DE NOIRS

CHAMPAGNE

ORIGIN	•	FRANCE
VOLUME	•	750 ML
ABV	•	12 % VOL.
DOSAGE	•	3 g / L

Cuvée Blanc de Noirs beautifully expresses the aromatic power of Pinot Noir with a restrained elegance. Its straw-yellow color and creamy froth captivate from the first glance. The complex and harmonious nose is filled with enticing red berry aromas, while on the palate, it reveals a winery, powerful character that leaves a satisfying sensation of fullness.

Ideal for your moments of conviviality, this cuvée pairs wonderfully with red meats or matured cheeses during meals. Its bold yet refined profile makes it a great choice for a variety of rich dishes. With a beautiful effervescence and a dosage of extra-brut (3 g/l), it offers a winery, red-fruit-filled mouthfeel and is best served between 8-10°C.
